Dear Kathleen,

I am writing to formally notify you that the state and federal lead agencies will publish a Recirculated Draft BDCP, Supplemental EIR/EIS, and revised Implementing Agreement in early 2015. The scope of the partially recirculated draft and supplemental documents will be announced in approximately 6 to 8 weeks, as the agencies are still reviewing comments received during the public review period. A press release announcing all of these points will also go out this Thursday, August 27th and be posted on the BDCP website.

Please let me know if you have any questions, comments or concerns.

Regards,
Ryan

Dear Kathleen,

We have received your request to allow EPA to have another 30 days to submit your comments on the draft Bay Delta Conservation Plan and associated draft Environmental Impact Statement/ Environmental Impact Report. On behalf of the the three co-lead federal agencies, we are writing to notify you that your request has been granted. We look forward to receiving your comments by August 28, 2014. Should you have any further questions or concerns, please don't hesitate to contact us.

Sincerely,

Will Stelle on behalf of NOAA, FWS and the BOR

Mr. Wulff:

Thank you for the opportunity to meet yesterday in Sacramento to discuss the major issues that EPA has identified in our review of the Draft Environmental Impact Statement for the Bay Delta Conservation Plan. As discussed during that meeting, there are a number of matters that we would like to follow up on with you and the other federal lead agency representatives. Accordingly, EPA requests an extension of 30 days to submit our comments on the Draft EIS.

We appreciate your consideration of this request and look forward to hearing from you on Monday.
